Non-warranty

This information provided is based on our current knowledge and relates to the standard specification (00). It is provided exclusively to you in good faith for your guidance and general information only and solely for the purpose for which you intended it to be provided. This information does not constitute any form of specification agreement and no additional representation or warranty is made as to its completeness, accuracy or fitness for a particular purpose. Furthermore, it does not relieve our customers from the obligation to perform a full inspection of any product upon delivery or any other obligation. There is no automatic updating of these correspondences. Unless we provide express, prior, written consent, no part of this report should be reproduced, distributed or communicated to any third party.
