

MJ Addistat 28

November 2018

SVHC statement

This is to certify, that our product Addistat 28 does not contain any of the substances of very high concern (SVHC list of 27 June 2018) listed by the european chemical agency ECHA (<http://echa.europa.eu/web/guest/candidate-list-table#download>).

The above-mentioned impurities are not intentionally added to our product MJ Addistat 28 and are not formed during its production. There also is no indication for their presence in any of the raw-materials used.
